NOT LIKELY TO RACE.

Yachts Will Probably Not Meet This Summer.

NEW YORK, May 16 .- "American and European yachtsmen have looked forward to a race between the famous Herreshoff schooner Westward and the new Fife schooner Waterwitch," says the London Field. "Such an international race would prove a contest of the greatest interest. The yachts are built to the same rule and are practically the same size. The Westward is laid up at Southampton and the Waterwitch is nearing completion in Scotland, but so far as is at present known the vessels will not have an opportunity of meeting next summer, because the filness of Mr. Alexander Smith Cochran, the owner of the American schooner, will prevent him from taking part in the sport, a circumstance which all sportsmen will not only learn with sincere regret, but they will join in wishing a speedy recovery to health. Sportsmen from the United States, and par-ticularly such active members of the New York Yacht Club as Mr. Cochran, are warmly welcomed in this country."

One year ago in the American League the Athletics led with 15 games won and 4 lost, an average of .788. Detroit was second with 18 won, 9 lost, .625; New York followed with 12 won, 8 lost, .600; Cleveland next with 12 won, 9 lost, .500; Boston with 11 won, 12 lost, .478; Chl-cago, 8 won, 11 lost, .421; Washington, 8 won, 16 lost, .333; St. Louis, 4 won, 16 lost, .200.

In Noyes and Smith the Cornell club undoubtedly has two of the best amateur catchers in the city. The Paperhangers Donnelly is liable to be switched to are better fortified in the catching department than any other amateur club in the District.

While the Commissiones are way behind the Aloysius club at present in the District League race, there is not much likelihood of their staying there. The District clerks have a team which will show that it is able to get in almost any game and hammer out two or three runs in an inning, and when a club can do that it is not probable that it will long remain in the rear.
